PROVES FAITH BY WORKS.

Millionaire Montgomery Devotes Life and Fortune to Salvation Work. George Montgomery is worth a million dollars in California real estate and Mexican mining property, has a charming young wife and a darling little girl, but he and Mrs. Montgomery have cast in their lot with the Salvation Army and will consecrate the rest of heir lives to the work of that band in recompense for what they consider their miracuous cure from chronic disease by the healing

icled so fully in the newspapers a few years ago.
George Montgomery had long been a sutferer with diabetes, when he discarded all medicines, and, relying only upon prayer, speedily recovered, and is now a handsome, stalwart man, over six feet tail.

So grateful were the couple for their restoration to bealth that they named their first born "Baby Faith." They established the Salvation Army town of Beulah, near Oakland, Cal., and built a refuge for fallen women, and are building a home for wornout "Soldiers of the Cross."

They have come to New York, and are stopping at the modest Allen family hotel, 1611 Hoadway. They have come to do Christian work in the silms of this modern Sodom.

Mr. Montgomery owns a hotel and 1,300 acres of land at Cazadera, eighty-five miles north of San Francisco, and he proposes to establish the Ocean Grove of the Facinic coast there, with a camp-meeting ground for the Salvation Army. Mrs. Montgomery has successibility edited and managed the magazine Triumphs of Faith, which she established in 1886.
